

A National Highways notification

M56 junction 15 to 16 resurfacing scheme, 13 July to 29 September 2026 **Ref: 622271**

We're writing to you about upcoming repairs on the M56 between junction 15 and 16 near Stoak and Hapsford.

Our work involves resurfacing the motorway in both directions. We'll also be completing some vegetation clearance, replacing road markings, traffic count sensors, and bridge joints.

We'll be working at night Monday to Friday, 9pm to 5am (extended to 7am on weekends). The works will take place under full closures and some lane closures.

During the closures, please follow the clearly signed diversion. We're advising drivers to plan and allow extra time to complete journeys.

Address Line 5

We're keeping disruption to a minimum by working at night when traffic levels are lower and only on one carriageway at any time.

However, our work will generate some noise, we'd like to apologise in advance for any disturbance this may cause you.
